

RISEMousse

A **REVOLUTION** IN **MOUSSE TECHNOLOGY**

NOT LIKE ANY OTHER MOUSSE

The number one downfall of every other mousse on the market is their **shelf life**. From the moment that other mousse are made, they are continually deteriorating. Other mousse may be half dead - or completely dead - before you try to fit it into your bike!

BUT NOT WITH RISE MOUSSE!

- **RISE MOUSSE** are made from an **innovative ADVANCED TECHNOPOLYMER** material.
- **RISE MOUSSE** **does not have a shelf life / expiration date!**
- **RISE MOUSSE** material is **extremely durable and long lasting**. It does not break down and tear like other mousse.
- **RISE MOUSSE** material feels firm while resting / cold, but reaches optimum softness after warming up (a few minutes of use).

INNOVATIVE DESIGNS

RISE MOUSSE has created several new designs to enhance the performance of their mousse for targeted applications.

CLIMBER - with removable inserts to adjust the psi / feel of the mousse to suit different riding and terrain. Racing / Enduro / Trail riding / Extreme Enduro.

X-EDITION - with a special "bubble" design and soft compound for Extreme Enduro.

CROSS / ENDURO - classic mousse design with defined compounds.

ARIZONA - classic design with special Desert / Rally compound and low-friction surface.

100% engineered & made in ITALY

CLIMBER

THE MOUSSE

REVOLUTION

NOT LIKE ANY OTHER MOUSSE

INNOVATIVE DESIGN

The **CLIMBER** Mousse allows the rider to add/remove a set of inserts to adjust the pressure / feel of their mousse to suit the terrain and the type of riding they do!

- Inserts allow for adjustment anywhere between 6psi > 15psi pressure / feel.
- Suitable for anything from fast Enduro / Trail riding with more inserts in for a firmer compound - to technical Extreme Enduro riding with the inserts removed for a soft compound.

INNOVATIVE MATERIALS

- RISEMOUSSE are made from an innovative **ADVANCED TECHNOPOLYMER MATERIAL**.
- RISEMOUSSE **does not have a shelf life / expiration date!**
- RISEMOUSSE material is **extremely durable and long lasting**. It does not break down and tear like other mousse.

Part No.	Size / Type	psi / feel
RM18140C	120/100 > 140/80-18 CLIMBER	6>15psi

*All mousse are supplied with a 75ml Gel.

ONLY OFF ROAD USE RIMLOCK 100% MADE IN ITALY

INNOVATIVE DESIGN

The **X-EDITION** Mousse has a unique design specifically targeted to Extreme Enduro riders.

- Unique "bubble" design helps the tyre grab the terrain.
- Soft compound further aids traction by allowing the tyre to flex to the terrain and create a larger surface area.

***Only for Extreme Enduro riding.**

INNOVATIVE MATERIALS

- **RISEMOUSSE** are made from an innovative **ADVANCED TECHNOPOLYMER MATERIAL**.
- **RISEMOUSSE does not have a shelf life / expiration date!**
- **RISEMOUSSE** material is **extremely durable and long lasting**. It does not break down and tear like other mousse.

Part No.	Size / Type	psi / feel
RM18120X	110/100 > 120/90-18 X EDITION	6>7psi
RM18140X	120/100 > 140/80-18 X EDITION	6>7psi

***All mousse are supplied with a 75ml Gel.**

ENDURO / CROSS / ARIZONA

ONLY OFF ROAD USE RIMLOCK 100% MADE IN ITALY

STANDARD MOUSSE DESIGN

The **ENDURO**, **CROSS** and **ARIZONA** Mousse are a standard mousse design, made with special **RISE MOUSSE TECHNOLYMER** materials for longer life.

FRONT MOUSSE

- **Unique ridge on the inside of the mousse** seats into the rim cavity to reduce tyre roll.
- **ENDURO** Soft compound for use in Extreme Enduro.
- **CROSS** compound for ENDURO, MX, and AG use.
- **ARIZONA special** compound for Rally / Desert racing.

REAR MOUSSE

- **ENDURO** compound for Enduro, Trail, and AG use.
- **CROSS** compound in 19" for MX use.
- **ARIZONA special** compound for Rally / Desert racing.

Part No.	Size / Type	psi / feel
RM18120E	110/100 > 120/90-18 ENDURO	9>10psi
RM18140E	120/100 > 140/80-18 ENDURO	9>10psi
RM18140A	120/100 > 140/80-18 ARIZONA RALLY	20>22psi
RM19100MX	100/90 > 110/80-19 CROSS	17>19psi
RM19110MX	110/90 > 120/80-19 CROSS	17>19psi
RM2180E	80/100 > 90/90-21 ENDURO SOFT	10>12psi
RM2180MX	80/100 > 90/90-21 CROSS / ENDURO	15>16psi
RM2180A	80/100 > 90/90-21 ARIZONA RALLY	15>16psi

***All mousse are supplied with a 75ml Gel.**

INNOVATIVE MATERIALS

- **RISEMOUSSE** are made from an innovative **ADVANCED TECHNOLYMER MATERIAL**.
- **RISEMOUSSE does not have a shelf life / expiration date!**
- **RISEMOUSSE** material is **extremely durable and long lasting**. It does not break down and tear like other mousse.

ARIZONA MOUSSE

Desert / Rally - Special firmer / more durable Polymer with **Anti-Friction properties** to **reduce heat build-up** and material break down under higher heat and load from high speed riding.
